#### A LETTER TO OUR READERS.

New Haven, Addison Co., Vt. Dr. Kilmer & Co., Binghamton, N. Y. Gentlemen:—About a year ago I was suffering from what I supposed was rheumatism. I became so bad that I ould hardly get on my feet from a sit ing position. I run down in weight one hundred and ninety-five to a hundred and forty-five pounds. I tried different kinds of medicine but received little or no help. I saw Dr. Kilmer's Swamp-Root highly recommended for kidney trouble, but I never had any idea that my kidneys were effected. I thought I would try a fifty-cent bottle of Swamp-Root and see what the effect would be. I commenced taking it according to directions and in a few days I saw that it was helping me. I used the fifty-cent bottle and then bought two more dollar bottles, and they completely cured me. I have got back to my original weight one hundred and hinety-five pounds, and I am a thorough advocate of Dr. Kilmer's Swamp-Root. Very Truly, Wm. M. PATCH. Ed Delehanty is Premier of the Baseball Sluggers.

Ten Points Ahead of His Old Rival Napoleon Lajoie.

LAVE CROSS IS THIRD.

Twenty-eight Men Are Batting 300 or Better Now.

Cy Young and Rube Waddell Lead the Pitchers.

New York, July 22.—Edward Delehanty, the good, old reliable slugger, still leads the batsmen of the American league, being 18 points ahead of his old rival, Napoleon Lajole and the only man in either of the big leagues to hit above 400. Lave Cross of the Athletics, is third batsman, and is the only American league player with as many as 100 hits. Twenty-eight men are batting 300 or better, and the general run of the hitting is about 10 points heavier than the betting in the National.

Schreck, now of the Athletics, leads the catchers in fielding; and Griffiths leads the pitchers. Carey leads the first basemen, Jack Doyle the second sackers—Lajole the real leader on actual merit of work done—and Lave Cross the third basemen. George Davis heads the shortstops and Harry Bay about the best of the outfield records. Washington leads in team batting, Cleveland and the Athletics following. St. Louis has pushed up out of last place, relegating Detroit to the bottom. Chicago leads in team fielding, Baltimore second and the Athletics and St. Louis tied for third. The senators have a big margin in extra base hitting. Buck Freeman heads the Individual sluggers, and Sandow Mertes the baserunners, Rube Waddell is looming up as a formidable competitor to Cy Young among the pitchers.

\$3 ADMISSION AT SARATOGA. Whitney and His Associates Will Try to Make Bacing There Expensive.

Saratoga, N. I., July 22.—Turfmen in Chicago and elsewhere will watch with exceeding interest the experiment to be made by ex-Secretary of the Navy William C. Whitney, the president, and those associated with him in the nanagement of the Saratoga Racing association. Giltedged tickets, good for one day only, to the association's running park during the coming August meeting will cost \$3 each. Heretofore they have been \$2. The advance has been ordered so as to increase the revenue of the track, upon which, says President Whitney, \$25,000 has recently been expended in changes and improvements, thus adding to the general expenses incident to maintaining the racing in proper form.

penses incident to maintaining the racing in proper form.

Mr. Whitney says the advance is made purely in the interest of high class racing, and that it is the intention of the men associated with him in the management to elevate the Saratoga track to the highest possible racing standard; but, he adds, this cannot be done in the long run without increasing the income.

done in the long run without increasing the income.

He further says: "The maintenance of high class racing, with good stakes and added money, such as horse owners ought to have in order to support their stables, in a community like Saratoga Springs, is always a serious problem. This track has passed through a great many vicissitudes owing to that fact. We are now trying a new experiment. It is pleasant to know that we have the co-operation and support, as we seem to have, of those who are fond of horses and racing as a sport."

Racing at New York.

New York, July 22.—Hermis, Wartenicht and Bluff were the winning favorites at Brighton Beach. The other events went to a second choice, Himself, and Lady Radnor and First Chord, both long shots. The rain of last night and early today ruined the card, almost the best horses withdrawing. The handicap at one mile and a furlong, the fourth on the card, had only three starters. St. Finnan, on the strength of his good race with Ethics the other day, was made favorite. He led to well in the stretch when Odom brought Himself up and secured the decision by a head. Hermis, at the prohibitive odds of 1 to 40, won the first race as he pleased by three lengths from Fair Knight. O'Connor, while unsaddling Uranium in the second race, was kicked by the colt. He was carried to the jockey room where his injuries were found to be nothing more than a severe bruise.

The New Catholic Church to Be Dedicated at Salina.

Services by Bishop Cunningham and Twenty Priests.

EDIFICE COST \$40,000.

Many Visiting Priests Will Assist in the Ceremonies.

Services to Begin Early Wednesday and Last All Day.

Salina, Kan., July 22.—The new Catholic church recently erected here will be dedicated Wednesday. The building has just been completed at a cost of about \$40,000, and it is the largest and finest in the Concorda diocese. The structure is 63x122 feet, two stories, with towers 140 feet high, steam heated throughout has very elaborate altar and church furnishings and seats 1,000 persons. There are fourteen memorial windows, costing \$2,000. The twelve windows on the sides represent the twelve apostles, each one donated by a different family of the congregation. A large Sacred Heart window over the altar was erected to the memory of the late W. R. Geis, one of the early settlers of Salina, who assisted in establishing the church here. The three large windows in the front are to the memory of Father Maurer, who for almost twenty-five years was in charge of the parish.

The congregation here numbers about 175 families and all have taken much

The congregation here numbers about 175 families and all have taken much interest in the construction of the church. Each individual member has contributed money as well as labor in completing the structure, and, although costing near \$40,000, the congregation will not owe over \$7,000 on the church. The Very Rev. John Maher, the priest now in charge of this parish, is one of the best educated and one of the youngest priests in the state. He is known as a very brilliant orator. While abroad last year Father Maher visited the pope at Rome.

Prohibition and Anti-Prohibition Forces Clash at Clay Center.

Clay Center, Kan., July 22.—The case of the city of Clay center vs. W. A. Munson, involving the validity of the ordinance recently passed by the city council in pursuance of the Hurrel law was tried last week before Newt Allen, police judge. The trial commenced on Monday and was closed Friday evening. Judge T. F. Garver of Topeka and P. E. Parrott of Clay Center assisted City Attorney Stackpole in the prosecution, while the defense was represented by Harkness & Davis and Coleman & Williams.

About 40 witnesses were examined to prove illegal sales, but not one would testify that they bought "booze" contrary to law. Judge Allen rendered his decision late Monday afternoon, finding the defendant not guilty. The temperance people assert that they will prosecute to the bitter end all violators of the prohibitory law, be they druggists or jointists. two Women in a Lively Tuesel in Argentine Streets.

Argentine, July 22.—Henry Walters, a blacksmith having a shop on Metropolitan avenue in Argentine, witnessed two women yesterday afternoon fight for the place of affection in his heart. The affair took place at the corner of Metropolitan and Spear streets.

Walters was driving along the street in a buggy with Miss Emma Prater, when the horse stopped suddenly, and the neat moment a silk parasol landed on Miss Prater's headgear. Then strong hands seized her and she landed on the puvement. The assailant was Mrs. Minnie Gorman, a widow living on West Metropolitan avenue. Miss Prater fought back, and hairpins, hatpins, handsful of hair and wearing apparel began flying in every diretion. When Walters recovered from his dazed condition he separated the malcontents, after which Mrs. Gorman suddenly disappeared and Miss Prater started for the city hall to swear out a warrant for her rival. The case will likely be sired in the police court.
